

# Project Z

## “Inspiring our youth to pursue technology careers”

A Blacks Gone Geek Community Initiative

### **Project Z Goals:**

Short term: Increase the number of high school students that decide to pursue a technology curriculum in college

Long term: Increase diverse representation in the technology career field

### **Rewards of a Technology Career**

1. Mo money, Mo money, Mo Money!
2. Technology will always be advancing which means the creation of new jobs.
3. IT skills are a must in this tech savvy world.

### **How To Learn More About Project Z and IT Careers:**

- Visit our resource website to gather information about programs and activities:
